5. Minocqua Report – Mundt – Wake Boats – lakes want to pass ordinances, but there is no enforcement. Not the towns jurisdiction, not a state ordinance so DNR cannot enforce.

6. County Report – N/A – Per Mic, a new rep is being considered with the last name of Schultz. This person is newly elected supervisor

7. Clean Boats Clean Water - Ken Gardner has been working his 20 hours a week at the boat landing,

8. Preliminary AIS Survey Results – Was Postponed to June 10th

- No Milfoil, curly pond, no rusty's
- Purple loose strife, still 2 colonies. Lamp shade leaves and square stems
- Yellow Iris is spreading, in all of the same places and more

9. Lake Management Consultant Discussion – Rick found a company to give us a 2nd opinion Cason has sent us a proposal.

10. Nano/Small Bubble Technology – Mundt – this technology injects oxygen bubbles smaller than a grain of salt. This is to break down algae & muck. Company by the name of Moleaer is currently working with Lake Arrow Head in WI.

11. 2025 Budget Discussion – Mic and Rick are starting the budget. Send any suggestions to either of them, suggestions from this meeting

- Add 2K to purchase Dissolve Oxygen Meter
- 1K for each of the 3 boards to stain them
- Budget to move markers for water depth gage
- Budget for 2nd opinion for Land & Water Management

Add in: Report today that there is no water going over the dam. Brush on the damn again indicating there may be beavers again.

Mike Kline and Wife is going to walk down there. Lori Crane will try and get down there also
